Social Studies

Our social studies tutoring helps students explore history, geography, and culture with critical thinking and comprehension in mind:

- **U.S. and World History:** Understanding major events, eras, and figures
- **Geography:** Reading maps, interpreting data, and learning world regions
- **Civics & Government:** Exploring rights, responsibilities, and civic engagement
- **Economics:** Understanding basic principles of trade, money, and resources
- **Research & Analysis Skills:** Interpreting sources and drawing evidence-based conclusions

Science

Our science tutoring promotes curiosity, inquiry, and hands-on understanding of the world around us:

- **Life Science:** Cells, ecosystems, human body systems
- **Earth & Space Science:** Weather, geology, solar system, and beyond
- **Physical Science:** Matter, energy, motion, and forces
- **Scientific Method:** Conducting experiments and recording observations
- **STEM Enrichment:** Encouraging innovation and problem-solving through exploration
